## 1. Safety Information

Read and understand all instructions before using this product. If damage is caused by failure to follow the instructions, the warranty does not apply.

### 1.1 Warning

To reduce the risk of electric shock, DO NOT remove the cover (or back).

DO NOT attempt to repair the product, this could lead to the risk of injury, damage to the product .

To reduce the risk of fire or electric shock, keep this product away from exposed direct sunlight, naked flames or heat, large amounts of moisture, dust, and sand.

FCC Note (for U.S.A)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on.

The user is encouraged to try to correct the interference by one or more of the following measures.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.
- This class B digital product meets all requirements of the Canadian Interference - Causing Equipment Regulations.

### 1.2 Precautions

Important Safety Instructions

Read these operating instructions carefully before using the unit. Follow all the safety instructions listed below.

Keep these operating instructions handy for future reference.

1.2.1 Read these instructions.

1.2.2 Keep these instructions.

1.2.3 Heed all warnings.

1.2.4 Follow all instructions.

1.2.5 DO NOT use this apparatus near water.

1.2.6 DO NOT clean with any chemical detergent. Clean only with a dry cloth.

1.2.7 DO NOT block any ventilation openings. Install in accordance with the manufacturer's instructions.

1.2.8 DO NOT install near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.

1.2.9 Protect the power cord from being walked on or pinched particularly at plugs,

---

convenience receptacles, and the point where it exits the apparatus.

1.2.10 Only use attachments/accessories specified by the manufacturer.

1.2.11 Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

1.2.12 Unplug this apparatus during lightning storms or when unused for long period of time.

1.2.13 Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as when the power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

### **1.3 Handling Cautions**

1.3.1 DO NOT expose this apparatus to dripping or splashing. Do not put objects filled with liquids, such as vases on the apparatus.

1.3.2 To turn this apparatus off completely, you must pull the power plug out of the wall socket. Consequently, the power plug must be easily and readily accessible at all times.

1.3.3 DO NOT plug multiple electric devices into the same wall socket. Overloading a socket can cause it to overheat, resulting in a fire.

1.3.4 Before connecting other components to this player, be sure to turn them off.

1.3.5 If the product makes an abnormal noise or produces a burning smell or smoke, turn off the power switch immediately and disconnect the power plug from the wall outlet. Then, contact the nearest customer service center for technical assistance. Do not use the product. Using the product as it is may cause a fire or an electric shock.

## 2. Introduction

### 2.1 Package Contents

MHL Dual Core HDMI Stick - ATV130

User's Guide

IR Remote Controller (IR RC)

Optional Remote Controller

2.4G wireless Remote Controller

USB wire/wireless Mouse & Keyboard

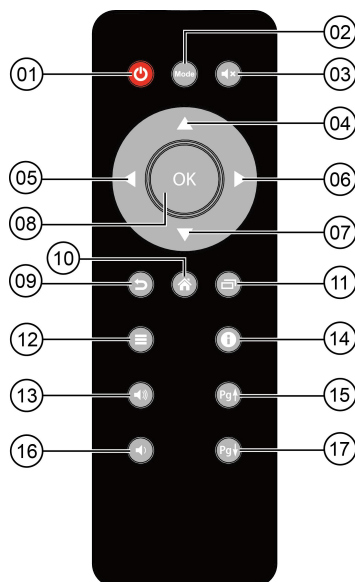

### 2.2 Product Features

- HDMI video output ,connect HDTV with Dual Core Stick ATV130 for HD 1080P video playback
- Dual Core ARM CORTEX A9\*2, frequency is 1.5GHz,RAM 1G, built in 4G flash memory. Powered by Android 4.1 OS
- Connect to the internet with Google Chrome browser to access any website for entertainment, information or education
- Support flash player11, watch online video from YouTube, Netflix, Hulu, Amazon, or any local video sites and even video-on-demand services
- Chat with Facebook or Twitter, Skype and Yahoo message etc
- Access to Android app-store to download, install and run the huge number of Android applications that are available
- Built in 802.11b/g/n WIFI module, 2G-32G flash memory(optional) and supports 3D Graphics
- Direct power supply via Mini USB port, no need of a power adaptor
- Unique mini PC design, the size of the product is similar with USB flash disk
- The TV stick Dual Core is being operated by an infrared remote control, you can use the receiver everywhere within the operating range
- Support weather, calendar, and desktop clock gadgets
- App Installer for application installation from USB/Micro SD

## 2.3 Panel Introduction

## 2.4 Remote Controller

- |                     |                  |
|---------------------|------------------|
| ① Power             | ⑩ Home           |
| ② Mode              | ⑪ Background App |
| ③ Mute              | ⑫ Menu           |
| ④ Upwards           | ⑬ Vol+           |
| ⑤ Towards the left  | ⑭ Notification   |
| ⑥ Towards the right | ⑮ Page Up        |
| ⑦ Downwards         | ⑯ Vol-           |
| ⑧ OK                | ⑰ Page Down      |
| ⑨ Return            |                  |

Note: Button Battery 2025 3V insert with correct polarity (+/-).

---

## 2.5 Setup Connection

Place ATV130 on a flat platform near the TV, and make sure nothing block the remote control signal.

## 2.6 Display when Power Up

2.6.1 After power up, the TV will first show a green robot then change to “android” logo during loading. When loading is finished, it will go to Home screen.

---

## **4. Apps Install & Uninstall**

On ATV130, you can install apps from Android Market over the Internet or other sources, such as other online sources, the internal storage and the USB storage device and SD card that you have mounted onto ATV130.

You also can manage apps on ATV130 and SD card, install/uninstall apps, stop running apps, or select other options.

---

## **5. Firmware Update**

You can download newest firmware from Geniatech Official website:  
[www.geniatech.com](http://www.geniatech.com)

---

## **6. Trouble Shooting/FAQ**

### **6.1 No Picture**

Refer to the TV user manual for how to select the correct video input channel.

### **6.2 USB Content cannot be read**

- . The format of USB storage device is not supported
- . The supported memory size is 32G maximum.
- . Make sure that this player supports these files.

### **6.3 Remote Controller cannot respond quickly to the pressing of keys**

Make sure that batteries have enough power.

### **6.4 The firmware updating is not complete after a long time**

If you update the firmware over the online service, it may take a long time to download the firmware update files from the server. To save your time, update the firmware through the SD card.

---

## 7. Repairs

If you contact us to repair your player, an administration fee may be charged if either:

An engineer is called out to your home at your request and there is no defect in the product.

You bring the unit to a repair center and there is no defect in the product.

We will provide you with the amount of the administration fee before we make a home visit or begin any work on your player.

We recommend you read this manual thoroughly, search for a solution on line at [www.geniatech.com](http://www.geniatech.com), or contact Geniatech Customer Care before seeking to repair your player.
