4K Quad Core Dongle

ATV195Y2

The ATV195Y2 is a super small 4K Dongle that is perfect for plugging into an HDMI TV for a different experience.

● **Small size and convenient connector**

The smallest 4K Dongle in the industry；

Popular Type C connector, strong compatibility；

Straight HDMI out male connector，plug and play；

● **Good heat dissipation**

Three - sided honeycomb cooling hole design, in line with the thermodynamic principle is more conducive to performance improvement，Temperatures rise low when operating at high frequencies for long periods of time, allowing the heat to spread out in time, which is a step ahead of the industry design.

● **Flexible control**

The Bluetooth remote control covers all corners in 360 degrees.

● **Performance powerful**

low power consumption LPDDR4，the main frequency is 1584MHZ，performance stable!

● **WIFI+BT powerful**

Built-in 2.4G&5.8G WIFI frequency with double copper antenna，receipt signal covers all corners in 360 degrees，the maximum speed is up to 440Mbits/sec ,so playback TV show is very smoothly.

Support for customization

Hardware configuration is optional：DDR/EMMC/WIFI+BT；

Provide SDK secondary development；

MDM customization；

APP customization；

Design for You, Manufactured by Us

Geniatech

Product Specification

CPU	Quad Core ARM Cortex-A53 CPU 1.5~1.8GHz
GPU	ARM G31 MP2 GPU
RAM	2G LPDDR4
ROM	Built in 8G EMMC (Optional 16G/32G/64G)
OS	Android 9.0
USB	Type C x 1
HDMI out	V2.0
DC Input	5.0V-1A
Video Output	HDMI 2.0
Audio Output	HDMI/BT
Remote controller	BT
WiFi	IEEE 802.11 b/g/n/ac 2.4G&5.8G
BT	5.0(optional 4.0/4.2)
Size(mm)	111*40*19.5
Net Weight	47.8g
Power Adapter	AC100~240V 50/60Hz
