

Product Name: Gateway built-in 4G/ZigBee Module
Model: GTW350

Product Features:

- + RT5350 MIPS 24Kc 360MHz
- + 32M SDRAM
- + 64MB SPI Flash
- + ZigBee
- + 3G/4G Optional

Product Introduction

GTW350 is Geniatech's newest Mini size multi-function Smart Home Gateway. Due to its highly integrated wireless communication design capability, even small size, it integrates ZigBee, 3G and Wi-Fi, and also supports external RF module through USB. The beautiful compact appearance and wall mount design are for "easy to carry" and "plug and play". Just connect GTW350 to your home router through Wi-Fi or use the 3G network, can easily build their own smart home network without hard configuration, applicable to any inexperienced users.

GTW350 can flexibly integrate various wireless communication protocols. Based on customers' requirements, GTW350 can integrate all the possible combinations among ZigBee, Zwave, BLE, LoRa, 3G and Wi-Fi to realize remote data acquisition and remote control functions. Using industrial grade wireless technology and highest level encryption to ensure your smart home network security. GTW350 is reliable all day and capable of high real-time performance.

Application Scenario

Smart Home Gateway Industry 4.0 Gateway

Product Specification

CPU	RT5350 MIPS 24Kc 360MHz
RAM	32M SDRAM
Flash	64MB SPI
OS	Linux
Power Source	AC 90 ~ 240V 50/60Hz
USB	USB2.0 x1 Optional
Antenna	3
LED	5 Indicator light
LAN	RJ45 10/100
WiFi	IEEE 802.11 n/2.4GHz
ZigBee	IEEE 802.15.4
BT	Optional
3G/4G	Optional
SIM slot	Optional
Zwave	Optional
LoRa	Optional
Apple IC	Optional
Operating Temperature	0° to 50° C / 32° to 122° F
Operating Relative Humidity	10% to 95%, noncondensing
Storing Temperature	-20° C to 60° C
Storing relative Humidity	10% to 95%, noncondensing
Dimensions (W x H x D)	72x84x26mm
Net Weight	
User's Guide
