- Open Cable , ANSI/SCTE DVS-031,ITU-T J.83 Annex B, and DOCSIS compliant 64/256 QAM

## TV recording formats

- Transport stream (the original transmitted format, without any quality loss)

**Note:** Not all cable TV networks send clear QAM channels. Please check with your local cable operator for the availability of clear QAM digital cable TV

## System Requirements

- Microsoft® Windows 10, 8, 7® or Windows Vista with latest Service Pack, 1 GB RAM
- Windows Media Center in Windows 7 or Windows 8
- Minimum processor: Core2 Duo 2.93Ghz or faster  
**Note:** If your PC is not fast enough, you might see jerky live TV video, but your TV recordings will be fine.
- Sound and graphics with support for DirectX® 9 or higher
- M2 PCI Express slot x1
- CD/DVD drive for software installation
- Recommended: Internet connection for software updates and activation.

## MM692-quadHD features:

- Watch, pause or record up to four ATSC or clear QAM HD TV programs at the same time
- Includes a remote control, with 1 meter IR receiver cable
- Includes the Total TV Player application, which give you TV-in-a-window or TV full screen, plus picture-in-picture
- Also works with Windows Media Center (included in Windows 7 and optional in Windows 8). The MM692-quadHD is seen as 4 tuners so you can watch one TV program or record up to 4 TV programs at the same time.
- ATSC is free HD TV for the U.S. and Canada
- Clear QAM is digital cable TV (please contact your cable TV provider to see if clear QAM is available in your area)

## ATSC over-the-air digital TV features:

- ATSC is free over-the-air HD TV. ATSC is broadcast in the US and Canada, and does not require a subscription. ATSC is HD and FREE!
- MM692-quadHD has four ATSC over-the-air digital TV tuners. Supports all ATSC formats, up to the highest HD format
- Watch, pause or record up to four ATSC digital TV programs using high quality MPEG-2. TV recordings will typically consume 5 GB of disk space per hour for ATSC high definition
- Built-in antenna splitter allows you to make one connection to an ATSC antenna but watch and record up to 4 channels

## Clear QAM digital cable TV features:

- Quad clear QAM digital cable TV receivers. Watch and record up to four clear QAM digital cable TV channels at the same time
- Built-in cable TV splitter allows you to make one connection to cable TV
- **Note:** not all cable TV networks send clear QAM channels. Please check with your local cable operator for the availability of clear QAM digital cable TV
